

The use of patient-satisfaction surveys and feedback has been advocated by health systems, medical practices as well as insurance companies. In the NHS, over the past years, Dr. El Miedany service has been rated as “Excellent” on the NHS patient choice website. Evaluating patients’ feedback managed in his private practice, not only reflects their satisfaction, but also plays a crucial part of practice-improvement processes. Please view below the feedback from private patients managed by Dr. El Miedany privately over the past 3-months.
